STRATEGIC PLAN

Strategic planning is an integral component of good management. The strategic plan chart directs and guides the processer. The Institution can develop strategies and action plans are implemented to accomplish and achieve goals and objectives every year. These action plans together with performance measures provide the strongest links between the academic years. The purpose of planning is to improve the chances of reaching the desirable possible outcomes.

A strategic plan is a practical action oriented guide. It develops a clear statement of the Institution's mission the vision indentifies a set of goals and objectives it formulates key strategies that address those factors that are essential for the institution's success. Key strategies also indicate the major undertakings that will reposition the Institution for the future.

About Us

Sri Bhagawan Mahaveer Jain First Grade College at Kolar Gold Fields is the 21st constituent of the Jain Group of Institutions. Established in the year 2004, it has crossed several barriers effectively on its way to impart quality education, possessing undisputable physical infrastructure and learning models. The institution completes 18th academic years and is looking forward towards taking one more challenge to its stride in providing education with quality, styled to reach the mass with limited time and available resources.

Achievements are big enough to be dreamt and successive dreaming, leads to achievements over a period of time.

The Institution has been able to make remarkable progress and evident achievements in academics, event management, academic evaluation and results, quality in leadership, learning outcome with the use of infrastructure, the basic set of guidelines and the way of looking at various aspects.
