PARENTS TO NOTE

This Academic Evaluation Cumulative Record Book is provided to every Student irrespective of Course and Combination after every Internal Semester Examination held in the Institution.

The parents are appealed to closely monitor their wards progress in academics and non- academics by going through the record book in detail and also discussing the progress with the concerned subject Faculty Members, Class Teacher, Principal and Ward.

Parents are appealed to duly sign and return the record book within three working days, without fail.

Parents are allowed to meet the Principal during any part of the day on all working days from Monday to Friday between 10.00 a.m. - 3.00 p.m. Those Parents who wish to meet the Subject Faculty members / Class Teacher can do so on prior appointment with the concerned during their free time.

Any grievances should be addressed to the Principal in person, either by the students or the parents, for early rederessal of the same.

Every Parent is advised to contact the Office if they do not receive the wards Academic Evalution Record Book after every Examination.

I, do hereby declare that the above note to me has been read and understood in full. I will take up this issue seriously and would supervise that my ward will do well in his/her academics.

WAYS TO BETTER LEARNING

Relax before you start studying the subject

Select the most interesting subject for study on first priority

Browse through the concepts once without any prejudices of understanding

Try to recollect and remember all that you have browsed on the subjects.

Do no panic if you are not able to remember much of the concepts that you have read.

Start your second reading on the subject slowly than you did your first reading.

Concentrate more on the crucial aspects of the concept and also jot down points as and when necessary.

Complete the second reading with necessary additional inputs if required from other sources of information and supplement your reading.

Ensure that you are able to understand what ever you have read and concentrate more to understand it better.

Keep recollecting the concepts you have understood and try to re capitulate as often as possible.

00

If feeling tired of learning the concepts, in between switch over to subjects of interest for few minutes to regain concentration to read.

At the end of study be confident enough to ensure recollecting the learned concepts.

Follow these to overcome Fear of Examination...

- Find out what it is about exams that makes you anxious. Is it being under-prepared, the possibility of failure, or the hype surrounding the major exams?
- 2. Prepare well for the exam. Practice exam style questions and get them marked. Read over these if you are feeling particularly anxious daily to remind yourself how well you're doing.
- 3. Ignore and avoid people who are making predictions or complaining of failing even before the test or exam takes place.
- 4. Review your notes the night before. This will leave information fresh in your memory, however if you feel this will add more pressure then don't. For some people this works, however for some cramming information simply makes it even more complicated.
- 5. Go to bed early and try using meditation or aromatherapy to calm down.
- The day of the exam read over your practice questions. Breathe slowly and try to relax.
- 7. During the exam read the entire paper slowly. Don't panic. Highlight what you think you'll be able to answer. Before starting remember that you start every exam with 100%, not zero.
- If the anxiety is persistent and severe, talk to your guide / counselor about it. He or she might be able to work with you to come up with strategies to overcome it. He or she might also be able to speak to your teachers about it. If they know, they might be willing to give you more time to take the exam, if an anxiety attack happens to slow you down.

Department of Computer Science Organized Alumni Seminar On 17th February 2022 Topic: Interview Skills & New Technologies

By:

Mr John Selva Kumar, Assistant Manager-HR

Blue Yonder India Pvt Limited Bengaluru.

Total No of Students Attended: 78

Faculty Coordinator: Mr. Siddarama S, HOD Dept. Of Computer Science

Objective of the Alumni Seminar:

To exchange professional knowledge, organize technical conferences, seminars workshops & training courses. To provide career development and guidance. To create interest and motivate the alumni to participate in the progress of the Institute and make them contribute towards the enhancement of their Alma mater.

Alumni Note:

Mr. John Selvakumar addressed his self experience in the real time working explained about how new technologies used in the present IT company in manufacturing and developing software's. And motivated the students with his real time work experience and interview techniques and guided the students with emerging technologies. And he also informed about the college and department.

Department of Computer Science Organized E-Waste Management On 28th January 2022

Chief Guest: Dr. Rekah Sethi Principal, SBMJC-K.G.F

Guest of Honor: Dr. L.Jayapandian IQAC Coordinator

Judges: 1.Mr. A.Kalai Cheluvan HOD, Dept. Of Physical Science

2. Mr. Muniraja D.K Asst. Professor Dept. Of Physical Science

Event Coordinator: Mr. Umesh N Asst. Professor Dept. Of Computer Science

Total No of Students Participated: 30

Total No of E-waste Models: 10

Venue: Open Auditorium

Chief Guest Note: Spoke about the E-Waste and advantages of it and motivated the students using new technology invent new devices, appreciated all the students models done using E-waste and spoke about collect the E-waste form students and send it to recycle instead of thronging it in garbage.

Madam spoken about drawback of E-waste if we through it in garbage it create air pollution and it affects human health.

Objective of the Program: The major objective of e-waste management is to reduce, reuse, and recycle. Some of the e-waste consists of valuable covering or materials inside which can be reused or recycled. Whereas some of the e-waste may contain hazardous chemical materials which should be disposed of carefully without causing harm to nature.

Models Done by Students Using E-waste:

- Iron Man: Components used Motherboard, Keyboard keys and LED lights data cables & sata cable
- Miniature: Components used: Resistors, Capacitors, inductors, diode, Transistors, Heat sink, Breadboard, IC'S, CD.PCB Board, Keyboard keys & Aux port
- Drone: Components used: Keyboard keys, Motor, cell, receiver board & Joystick.
- Samurai Robot (SR)²: Components Used: Mother board, Keyboard, CPU Fan, Cables, LED Lights, SMPS & CPU Cabinet.
- Dragon: Components Used: Keyboard Keys & Mother board.
- Owl: Components Used: Keyboard keys, CD & Wires

- LED Flower vas: Components Used: Copper wires, bulb holder, LED, & Battery.
- Clock: Components Used: CD Drive, CD & Keyboard keys
- Wireless receiver Car: Components Used: Transmitter board, Receiver board, Motor, Wheels, Keyboard Keys, & Battery.

Invitation card: Components Used: Keyboard Keys, CPU Fan, Mother board, Aluminum wire & diodes

Outcome of the E-waste Program: E-waste recycling is necessary but it should be conducted in a safe and standardized manor. The acceptable risk thresholds for hazardous, secondary e-waste substances should not be different for developing and developed countries.
